# Quality Shades Built by Experts

## EZ Tensioner Technology

A smooth-glide internal mechanism allows quick tensioning with minimal effort, ensuring your shade sits tight and secure. Its intuitive design streamlines the installation process and provides dependable performance.

## CWB Group Certified

Sun Shade Co. is accredited by the CWB Group, because the structural integrity of our shade structures is as important to us as it is to you. Our certified professionals ensure the proper procedures are always being followed.

## 10 Year Warranty

Applicable to shade fabric and thread. Rare instances of significant fading and deterioration may be covered under our 10 year warranty. For full warranty details visit [sunshadeco.com/warranty](http://sunshadeco.com/warranty).

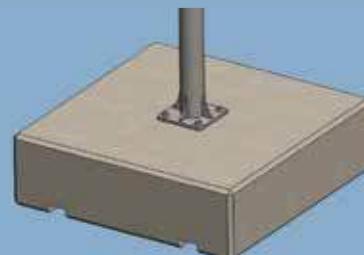

## Made in Ontario

Sun Shade Co. products are proudly made in Belle River, Ontario, and is a registered manufacturer of the Ontario Made program. To learn more about this fantastic program visit [supportontariomade.ca](http://supportontariomade.ca).

## Flexible Mounting Options

In addition to standard In-Ground post mounting, Sun Shade Co. offers multiple mounting options to suit your needs. The Concrete Base Mounting System allows for ultimate mobility for your shades, while Surface Mounting keeps your shade permanently and safely in place.

Concrete Base  
Mounting System

Mount

Surface  
Mount

## Single Post Cantilever Shade

This attractive design maximizes shade space with cantilever support outside of the shaded area, making it the perfect option for various spaces including playgrounds and dining areas. Custom sizes available.

### SHADE SIZES

### COVERAGE

**196 sq. ft**   **144 sq. ft**   **100 sq. ft**

### MOUNT TYPES

- Surface mount
- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## HiLo Single Post Shade

Create a shaded area so stylish that people won't want to leave with the HiLo Single Post, inspired by nature and designed to enhance outdoor experiences while providing UV protection. Custom sizes available.

### SHADE SIZES

### COVERAGE

**196 sq. ft**   **144 sq. ft**   **100 sq. ft**

### MOUNT TYPES

- Surface mount
- Inground mount
- Concrete base mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## Single Post Umbrella

This cleverly designed, compact single-post structure is perfect for private dining areas, poolside seating, and small play areas, maximizing comfort and minimizing sun exposure. Custom sizes available.

### SHADE SIZES

### COVERAGE

360 sq. ft   196 sq. ft   144 sq. ft   100 sq. ft

### MOUNT TYPES

- Surface mount
- Inground mount
- Concrete base mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

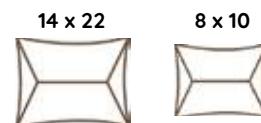

## Double Post Umbrella

The Double Post Umbrella offers streamlined, dependable shade with just two support columns—perfect for maximizing usable space while keeping costs in check. Custom sizes available.

### SHADE SIZES

### COVERAGE

277 sq. ft   72 sq. ft

### MOUNT TYPES

- Inground mount only

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## Single Post Dual Umbrella

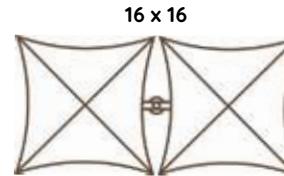

The Dual Umbrella Shade combines the practicality of two umbrellas with the sleekness of a single, central support column. Perfect for parks, pools, or communal spaces, this structure provides expansive shade coverage without cluttering the area with multiple posts. Its innovative design offers both functional sun protection and a modern aesthetic, while the single column ensures clear views and maximum usable space underneath. Custom sizes available.

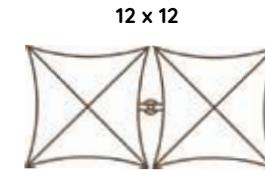

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

### SHADE SIZES

16 x 16

12 x 12

### COVERAGE

230 sq. ft

130 sq. ft

### MOUNT TYPES

Surface mount & inground mount

## 4 Post Shade Sail

Designed with balance and symmetry in mind, the 4-Post Super Shade features a square or rectangular sail stretched across four sturdy columns. Custom sizes available.

### SHADE SIZES

### COVERAGE

**562 sq. ft**   **360 sq. ft**   **200 sq. ft**

### MOUNT TYPES

- Surface mount
- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

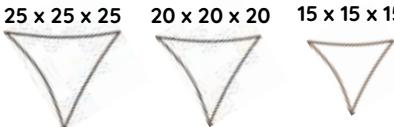

## Triangle Shade Sail

Our 3-Post Super Shade brings a sleek, modern look to any space with a clean triangular shade sail design supported by just three posts. Custom sizes available.

### SHADE SIZES

### COVERAGE

**270 sq. ft**   **173 sq. ft**   **87 sq. ft**

### MOUNT TYPES

- Surface mount
- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## Multiple Post Shade Sail

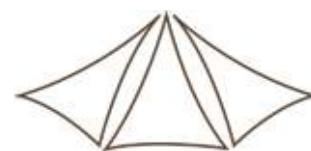

When off-the-shelf won't cut it, our Custom Multi-Post Super Shades offer endless possibilities. Whether you're shading a large courtyard, an amphitheater, or an irregularly shaped site, we can configure multiple sails and post layouts to fit your exact needs. From 5-post to 10-post and beyond, every structure is engineered for performance and built to impress—combining creative form with serious function.

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

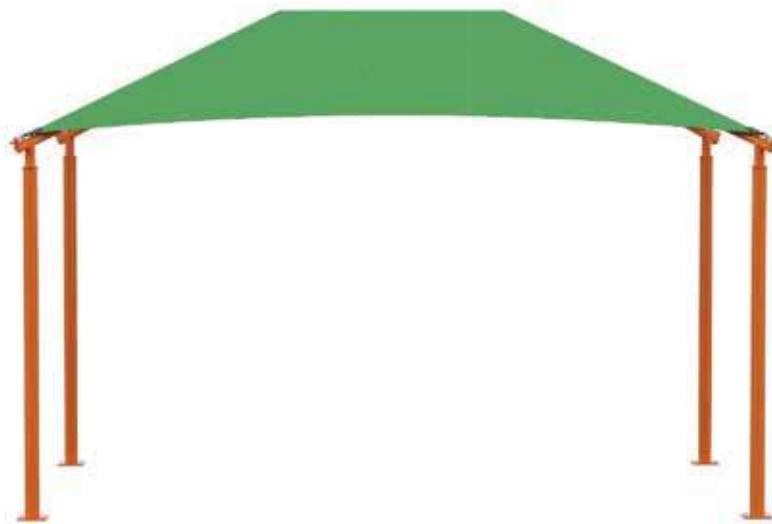

### SHADE SIZES

*CUSTOM*  
**5 - 10 POSTS**

### MOUNT TYPES

Surface mount & inground mount

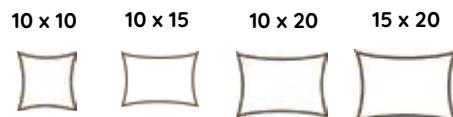

## Hip Shade

Low maintenance, durable, and UV protective shade with a simple design that can be installed on a wide variety of surfaces and areas. Custom sizes available.

### SHADE SIZES

### COVERAGE

90 sq. ft   135 sq. ft   180 sq. ft   270 sq. ft

### MOUNT TYPES

- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## 6 Post Sloped Shade

With two columns per side, this modular structure can be configured as a 4-post, 6-post, 8-post, or more, to cover larger spaces with ease.

### SHADE SIZES

### COVERAGE

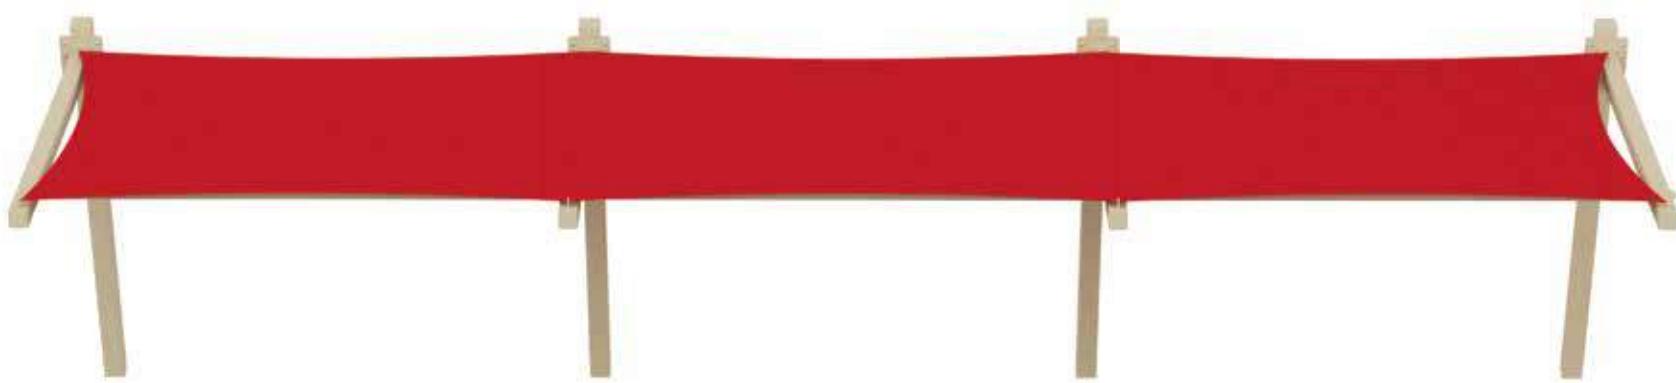

130 sq. ft   260 sq. ft   388 sq. ft

### MOUNT TYPES

- Surface mount
- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## Cantilever Shade

Maximize shaded space with minimal obstruction. Our Cantilever Shade Sail uses offset, in-ground posts so the canopy extends freely over the area you want protected, keeping posts out of the way. Perfect shading for pool decks, playgrounds, seating areas, or parking, it delivers cool comfort, strong UV protection, and a clean architectural look while preserving the full footprint below. Custom sizes available.

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

### SHADE SIZES

**10 x 20**

**10 x 24**

**10 x 36**

### COVERAGE

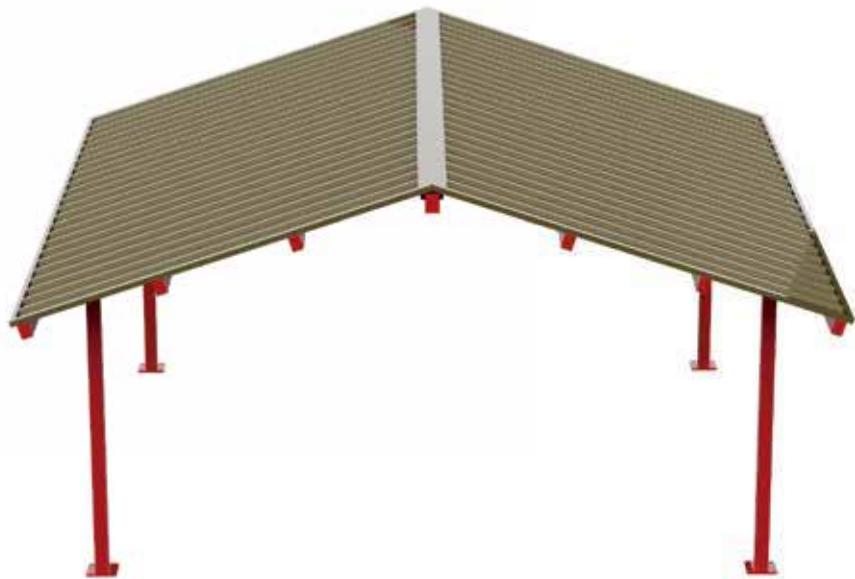

**180 sq. ft**

**215 sq. ft**

**325 sq. ft**

### MOUNT TYPES

Inground mount only

## Large Gable Steel Shade

Built to make a bold statement, our Large Steel Structure combines all-steel construction with a classic gable roof design for unmatched strength and style. Custom sizes available.

### SHADE SIZES

**20 x 20**   **20 x 24**   **24 x 24**   **24 x 30**

### COVERAGE

**400 sq. ft**   **480 sq. ft**   **576 sq. ft**   **720 sq. ft**

### MOUNT TYPES

- Surface mount
- Inground mount

### AVAILABLE HEIGHTS

- 8 ft. / 10 ft.
- Custom height

## Small Gable Steel Shade

Featuring a timeless gable-style roof and supported by just two posts, our Small Steel Structure is a great fit for walking trails, playgrounds, bus stops, and outdoor rest areas. Custom sizes available.

### SHADE SIZES

## The Outdoor Classroom

Take class to the outdoors with the shaded Outdoor Classroom, uniquely designed for comfortable outdoor educating. This low maintenance learning space comes equipped with an acrylic learning board and 28 linear feet of cedar benches, all protected under a durable fabric shade and factory powder coated frame mounted to a 6" concrete slab – no footings required.

### SHADE SIZES

**12 x 12**

**12 x 16**

### COVERAGE

**144 sq. ft**

**192 sq. ft**

### MOUNT TYPES

Surface mount only

### AVAILABLE HEIGHTS

7 ft. Entry Height

# Fabric Types & Colours

Sewn and designed in Ontario, Canada, our shade fabrics are not only effective for blocking out 97% of UV rays but also combine low maintenance with lasting durability and fade-resistance. That's why we back all our fabrics with a 10-year manufacturer warranty against fading.

## Gale Pacific Commercial 95 340

## Waterproof Fabric Colours

### Serge Ferrari Soltis Proof 502

# Steel Frame & Finish Options

Not only does a powder coat finish help to protect your posts from corrosion, it offers a flawless, long-lasting and durable finish to every Sun Shade Co. product.

Don't see the colour you're looking for? We can customize unique and branded colours, offering the exact shade your space needs. Whether you're matching a brand palette or creating something entirely new, our team ensures your finish is both beautiful and built to last.

Fabricated in Canada  
Using Canadian Materials

As proud members of the Ontario Made program, our shade structures are 100% manufactured in Ontario Canada, using Canadian steel. Our CWB-certified team adheres to the strict quality and safety standards enforced by the Canadian Welding Bureau, ensuring a premium product, everytime.

# Designed, Cut & Sewn In-House

All Sun Shade Co. products are designed, cut and sewn in our dedicated sew shop. Our team takes pride in owning the shade manufacturing process from beginning to end and is deeply immersed in the newest trends & best practices of the industry.

## Design

Every shade sail begins with precise measurements and a custom digital layout engineered for accuracy and performance. Our design process ensures perfect tension, clean lines, and a fabric colour that complements the surrounding architecture.

## Cut & Stitch

Each sail is carefully patterned, cut, and sewn by skilled fabricators who rely on experience, precision, and craftsmanship rather than automated equipment. Every stitch, corner, and reinforcement is hand-built to deliver maximum strength and long-lasting durability.

## Quality Control

Before shipping, every sail is inspected for seam strength, exact measurements, and correct label orientation. Only products that meet our strict standards leave the shop, ensuring a flawless installation and a perfect fit on site.

## Landscape Architect Partnership

Our Design Team is always happy to collaborate with Landscape Architects who are looking for a shade provider on their next project. Whether it's providing drawings or brainstorming the best product for an outdoor space, Sun Shade Co. can help.

# Installation & Maintenance

## On-Site

Whether your shade structure requires full installation services, or you need an expert to perform annual maintenance checks to keep your shade in top shape, Sun Shade Co. has you covered from the start.

### Consulting

Need help deciding on the location of your next shade structure? Not sure what type of foundation will be required for your posts? Our team will schedule a site visit to guide you in the right direction. Each site is unique so it's important to consult with an expert before the install.

### Installation

Our installation team will do a complete install of your Shade Structure: from augering holes for posts, pouring cement footings, to hanging & tightening the shade. When the install is complete, our on-site experts hand-deliver the user manual and care instructions.

### Maintenance

Although Sun Shade Co. shade products are low maintenance, you should still plan regular maintenance checks to extend the life of your shade structure as long as possible. Properly removing and storing your shade sail fabric before the winter months is key.

## Did you know?

### Sun Shade Co. has a Seasonal Care program!

Customers who opt-in for this program have the added benefit of our team removing your shade sail during the Fall season, and hanging your shade sail in the Spring. Contact your Sun Shade Co. representative for more information about our Seasonal Care program.
